Remember to Stay Vigilant!

It's been over a year since the first reported case of Covid-19 in America. We have all had to alter our lives in one way or another, and everybody has been affected. With the vaccine becoming increasingly available, and showing positive results in reducing the spread of Covid-19, it's important to remember to continue to be mindful of social distancing practices, to wear a mask when you're out in public or any time you're within 6 feet of another person, to regularly wash our hands, and stay home if we're feeling sick! We can all also do our part by reminding others around us to do the same! You all have shown incredible resilience this past year, and you all deserve to give yourselves a mental break, to pat yourselves on the back, and to remind yourselves that you're never alone. We're all in this together.

Congratulations to our \$15.00 Halcyon Cash Winner
