## Spring Cleaning Tips

A good, deep spring clean-up not only promotes wellness by keeping your environment clean and organized, it also helps carry the fresh-start feeling brought on by a new year well into the summer. Here are some tips to help get your home clean!

1. Use Vinegar and lemon for natural cleaning
2. Clean stainless steel sinks with baking soda
3. Use newspaper to clean windows and mirrors to keep streak free
4. Use old socks as dusting mitts
5. Decluttering things you don't use!

Congratulations to our February \$10 gift card winner!
